PRECEPTS UPON PRECEPTS

“Being filmed in stunning digital High Definition comments have already been received about its fresh look and lineup of guests.”

The 52nd and final episode of the TV series “Principles of Leadership” has now been filmed and is post-production. In the 7 years of filming in over 20 countries God has opened mightily the doors for us to ask both candid and personal questions of some of Christianity’s most loved and respected leaders. Many of them have death threats hanging over their heads and contracts on their lives. Some are well respected politicians and CEOs of major organisations. Some of them are pastors toiling in their area of the world. It has been one of the most unique TV series ever produced. What comes next? We have already starting production and design of another exciting and ground breaking series to follow in its “footsteps”. That series is called “Precepts of Leadership”. Being filmed in stunning digital High Definition comments have already been received about its fresh look and lineup of guests. Our very first guest has been Dr. Young Hoon Lee, the Pastor of the largest church in the world - Yoido Full Gospel Church in Seoul, Korea. He is the successor to the Senior Pastors of the dynamic Dr. Paul Yonggi Cho. The things that he is shared on church growth alone is quite eye opening. The second guest in “Precepts of Leadership” is David Cerullo, the CEO of one of the world’s largest Christian TV networks - The Inspiration Network. Upcoming guests signed up to appear in the future include the popular Jentezen Franklin and John Osteen’s son and successor Joel Osteen. The guest list also includes some Christian leaders who, once you hear their story, will become a household name in Christian circles. Over the next few years we will be searching out key Christian leaders to visit with us and share the key and dynamic principles by which they live and breathe to round out the 52 programmes to be broadcast over the next decade.

A Word in Your Ear

*Executive Producer David Sullivan
with new friends from Korea*

Dear Prayer Partner & Friend,
When we first started both of these bi-monthly publications - CTN and AGAPE:World we had always wondered if there was enough news to pack into these pages. Now we find that just 1 publication a month does not give ample opportunity to share fully what doors God continues to open each month for us. If you had said a month ago that I would be in a room with most of the top Christian leaders of Japan who would be watching me interview the Senior Pastor of the world’s largest church I would not have believed you. Yet, in that same week, I also met new friends from around the world and received invitations from such places as Korea, Japan and Egypt. In addition to that I was able to interview and spend time with “Arafat Man” Tass Saada from Jericho. This and the report on our participation at the 2010 Tokyo World Missions Consultation will be in the July issue of AGAPE:World. As I sat asking questions to Dr. Young Hoon Lee about things like church growth and prayer my mind wandered a bit (yes, I admit it). I started thinking “What qualifies you to be asking questions of this great man of God and to share them with millions worldwide?” I had no answer inside except that God does not look for the mighty or the great to do his work. **God looks for the available and the willing!** When I talk to so many fine “leaders in training” around the world I see many men and women of God “waiting”. One of the keys to our ministry, I believe, is that we do “whatever our hand finds to do” while we’re “waiting”. As John Lennon said “Life is what happens while you’re making other plans.” Don’t miss the God-opportunities that pass you by while you’re waiting for God to air ship you “your big ministry”. You might have just missed the tiny seeds of it!

Yours for the Harvest,

David Sullivan
