“Awakening Israel” short listed in Christian Film Festival

One of the most prestigious Christian Film Festivals, the biannual Sabaoth International Film Festival held in Milan, Italy, is to screen HFC International’s “Awakening Israel” as a nominee for Best Feature Documentary Film in November. The one hour documentary tells the story of the spiritual and physical struggles and achievements of the nation of Israel and the people that inhabit it. Featuring interviews with leaders and individuals of Messianic congregations in this tiny but strategic nation, the film highlights the actual state of Israel and the Palestinian Authority - including its hopes and dreams. It is a study of the religions that inhabit the land and attempt to co-exist side-by-side.

HFC International and AGAPE:Live! Events also produce the popular series “Principles of Leadership” with guests such as Jackie Pullinger (St. Stephen’s - Hong Kong), international evangelist Luis Palau, Lord George Carey, Nicky Gumbel (ALPHA & Holy Trinity Brompton), Loren Cunningham (Founder - Youth with a Mission), George Verwer (Founder - Operation Mobilisation), Andrew White (Foundation - Centre for Reconciliation in the Middle East) and Baroness Caroline Cox (Christian Solidarity International).

AGAPE:Live! Events hold Church Leadership Seminars and Evangelistic Events in 31 countries worldwide as a gift to a city and nation. It is an outreach of Harvest Fields Commissioning International, a U.K. Registered Charity. Its websites are at: <http://www.agapelive.net> and <http://www.hfci.net>.
